**HALL & FOREMAN, INC. NAMES ROBBIE MAHMOOD AND HENRIK NAZARIAN  
AS ASSOCIATES**

IRVINE, Calif., July 30, 2003 — Hall & Foreman, Inc. (HFI), an engineering, surveying, planning, and landscape architecture firm, is pleased to announce the appointment of Robbie Mahmood, P.E. and Henrik Nazarian P.E. as Associates. As HFI Associates, these key staff members will assist the firm in the areas of management, strategic planning and growth, and development of company policy and procedures.

John Hogan, P.E., HFI's chief executive officer and principal noted, "These individuals have already brought tremendous value to HFI. We look forward to further contributions as they step forward to help lead the firm and build a strong future for us and for our Clients."

Robbie Mahmood, P.E., HFI project director, holds a bachelor of science degree and a master of science degree in civil engineering from the University of Toledo and has over 16 years of professional experience. He serves on the Southern California American Public Works Association (APWA) Engineering and Technology Committee and the Public Relations Committee. He is also an active member of the Orange County Branch American Society of Civil Engineers (ASCE). Mr. Mahmood is a graduate of the project management boot camp program offered by PSMJ Resources, Inc. and is taking classes in the project management certificate program at the University of Irvine. His experience as project director includes management and design of sewer and water, roadways, construction management, drainage, and grading. Some of Mr. Mahmood's current projects include the Ladera Ranch Planned Community in Orange County, Long Beach Water Department, and PF&RD projects for Orange County and Los Angeles County.

-- more --

Henrik Nazarian, P.E., is a project manager at HFI who has over 13 years of professional engineering experience. He holds a bachelor of science degree in engineering from Tehran University and a master of science degree in civil engineering from California State University at Los Angeles. Currently, he is completing course work in the UCLA Extension construction management certificate program. Mr. Nazarian belongs to ASCE and is actively involved with the Consulting Engineers and Land Surveyors of California (CELSOC). As project manager, his experience includes the design of roadways, drainage, grading, hydrology, hydraulics, construction management, and construction material production. He is currently involved in a number of large scale commercial and retail development projects including the 30-plus acre Nordahl Marketplace shopping center in San Marcos, CA and the 50-plus acre Glendora Marketplace in Glendora, CA.

Founded in 1961, HFI specializes in civil engineering, land planning/development, land surveying, entitlement coordination, infrastructure funding, investigative engineering, municipal/public works, surveying and mapping, and landscape architecture services. With offices in Chatsworth, Fontana, Irvine, and Rancho Cucamonga, HFI serves public and private clients on a variety of projects throughout California and Southern Nevada.

For further information about HFI's services and office location, please contact Kelly Teenor at 714-665-4500, or visit <http://www.hfinc.com/>
