**HALL & FOREMAN, INC. SUPPORTS BIA THROUGH BOARD SERVICE**  
*Three Hall & Foreman Professionals to Serve as 2010 BIA Board Members*

**TUSTIN, Calif, December 23, 2009** – Hall & Foreman, Inc. (HFI) announced that three employees, John Hogan, P.E., LEED AP, Linda Sandusky, and Mark Miner, LEED AP, have been elected as 2010 Board Members for local chapters of the Building Industry Association (BIA). Mr. Hogan and Ms. Sandusky will serve the BIA Orange County Chapter and Mr. Miner will serve the BIA Los Angeles Ventura Chapter. All three have been actively involved in BIA for years.

Mr. Hogan will serve as a director at large for the Orange County Chapter while Ms. Sandusky becomes a director at large on the Orange County Chapter's Home Builders Council. Mr. Miner is a returning incumbent director at large for the Los Angeles Ventura Chapter.

Mr. Hogan is CEO of HFI. Throughout his 35-year engineering career, he has managed design teams for a variety of large-scale residential and land planning projects. He is past president of the American Society of Civil Engineers Orange County Branch and is active in numerous professional associations and societies, including the BIA Orange County Chapter's Programs Committee.

Mr. Miner is president of HFI's LA/Ventura division. He has over 20 years of experience in the real estate development field. He specializes in the planning, entitlement, and permit approval process of residential subdivisions, mixed-use, and high-rise developments projects. He has been a BIA Los Angeles Ventura Chapter director since 2003.

Ms. Sandusky, project manager for HFI, has over 18 years of project management experience. She specializes in subdivision and custom residential projects. She has been a committee member of the BIA Orange County Chapter's Home Builders Council and is an active participant in the Orange County CANconstruction Competition and in 2010 will chair the sponsorship committee.

###

### **About HFI**

Founded in 1961, HFI specializes in civil and traffic engineering, land planning and development, surveying and mapping, laser scanning, entitlement coordination, and water quality management services for the residential, infill/mixed-use, education, commercial, industrial, and public works sectors. For more information go to [www.hfinc.com](http://www.hfinc.com)

### **About BIA**

The BIA Orange County Chapter and the BIA Los Angeles Ventura Chapter are part of the Building Industry Association of Southern California (BIA/SC). BIA/SC is a nonprofit trade association representing more than 1,600 member companies with 100,000 employees. Its mission is to promote and protect the industry to ensure its members' success in providing homes for all Southern Californians. For more background visit [www.biasc.org](http://www.biasc.org)
