## **HALL & FOREMAN, INC. RELOCATES ITS LOS ANGELES/VENTURA-BASED OFFICE**

IRVINE, Calif., May 17, 2004 — Hall & Foreman, Inc. (HFI), an engineering, planning, surveying, and landscape architecture firm, is pleased to announce the relocation of its Los Angeles/Ventura-based office from Chatsworth to Woodland Hills, California. The new 11,608 square foot facility leased from CarrAmerica is centrally located in the prestigious Warner Center Corporate Park just off the 101 Freeway at 20950 Warner Center Lane, Suite A, Woodland Hills, California 91367-6530. When fully staffed, HFI's new office will hold forty-seven employees plus supporting field surveyors.

HFI's Principal and President of the Los Angeles/Ventura Division, Mark Miner stated, "HFI is excited about the move from Chatsworth to Woodland Hills. In this new facility, we will be able to increase our staffing to meet the needs of our clients. This move enables us to meet anticipated future growth due to our expanded service area, which includes Bakersfield and Kern County as well as Los Angeles and Ventura counties."

"Warner Center Corporate Park is a strategic location for providing access to the clients HFI serves and the projects we oversee in the Los Angeles/Ventura and Kern County regions. This move signals another milestone in HFI's expansion. In 2002, HFI relocated its Orange County and Inland Empire offices to accommodate the growth in those areas as well. We are very proud of the success of our firm," stated John Hogan, P.E., HFI's Chief Executive Officer and Principal.
