**HALL & FOREMAN NAMES ANDREW J. POWELL AS SENIOR PROJECT ENGINEER
AND MICHAEL MACFARLAND AS ENTITLEMENT COORDINATOR**

SANTA ANA, CA, June 12, 2002 — Hall & Foreman, Inc. (HFI) recently announced the appointment of Andrew J. Powell as Senior Project Engineer and Michael MacFarland as Entitlement Coordinator for the firm. Mr. Powell and Mr. MacFarland will be working out of Hall & Foreman, Inc.'s office located in Upland, California. Mr. Powell will be responsible for the ongoing development and growth of Hall & Foreman, Inc.'s public and private sectors while Mr. MacFarland's responsibilities range from entitlement and city/county processing to client contact and correspondence.

Mr. Powell has over 24 years experience in residential, commercial, and industrial site design and five years experience in public works with an emphasis on water distribution, plan checking, and Capital Improvements. He served as a Consultant Associate Engineer for the City of Murrieta and has prepared staff reports and resolutions to city councils along with map checking and preparation of specifications and estimates. Currently, Mr. Powell is working on Hall & Foreman, Inc.'s Laguna Grande project in Lake Elsinore. He plans to expand his services to include municipal services for Inland Empire clients.

Mr. MacFarland has a Bachelor of Arts Degree in Public Administration from San Diego State University with an emphasis on City Planning and has previous work on entitlement coordination as Project Manager for Robert Fiscus and Associates, Inc. He has also served as construction field support on many projects and helped generate feasibility studies, coordinate personnel, manage budgets, research code and government agency requirements, process

plan checks and permits, and represent clients at public hearings/meetings. His role at Hall & Foreman, Inc. will be to broaden our commercial and residential entitlement services for our clients along with building city and county relationships.

Founded in 1961, Hall & Foreman, Inc. specializes in civil engineering, land planning and development, municipal/public works services, land surveying, entitlement coordination, landscape architecture, and investigative engineering. From its four offices, Hall & Foreman, Inc. serves clients on a variety of projects throughout California and Southern Nevada.

For further information about HFI's services, please contact Nancy Dyer at 714.664.0570, or visit <http://www.hfinc.com/>
