HALL & FOREMAN, INC. DONATES OVER \$16,000 TO AMERICAN RED CROSS FOR HURRICANE RELIEF EFFORTS

Irvine, Calif., Oct. 11, 2005 — Hall & Foreman, Inc., (HFI), an engineering, land planning, surveying, and landscape architecture firm, has donated more than \$16,000 to the American Red Cross for the Hurricane Katrina relief effort.

The firm matched dollar for dollar contributions made by its employees and then added an additional \$1,000.

HFI's chief executive officer John C. Hogan, P.E., noted "I am proud that our employees have contributed so generously. This is especially heartwarming considering that earlier this year we collectively donated over \$15,000 for Habitat for Humanity's tsunami relief effort."

Founded in 1961, HFI specializes in civil engineering, land planning/development, land surveying, entitlement coordination, infrastructure funding, investigative engineering, municipal/public works, surveying and mapping, and landscape architecture services. With offices in Irvine, Rancho Cucamonga, Temecula, and Woodland Hills, HFI serves public and private clients on a variety of projects throughout California and Southern Nevada.

For further information about HFI's services, please contact Kelly Teenor at 714-665-4500, or visit <http://www.hfinc.com/>
